

Connecting the Dots:

Antibiotics, Immunizations and Sepsis

April 9, 2019

Northeast Community College
Life Long Learning Center
601 East Benjamin Avenue
Norfolk, Nebraska

The goal of this event is to increase healthcare provider knowledge of the connection between antibiotics, immunizations and sepsis, and to identify their role in educating and engaging the consumer to be an active participant in their healthcare journey. The focus is protecting health in the community, preserving antibiotic effectiveness and preventing infections leading to sepsis through immunizations, responsible antibiotic use and good health hygiene.

Target Audience: All healthcare professionals are invited to attend.

Objectives:

- Recognize the link between immunizations, antibiotic stewardship and sepsis.
- Apply knowledge gained to improve best practices related to immunization, antibiotic stewardship and sepsis in your organization and community.

Continuing Education: An application has been submitted for nursing contact hours; approval pending.

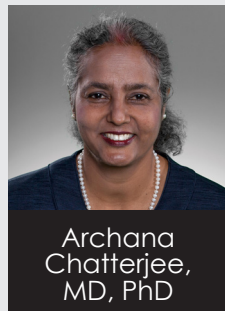

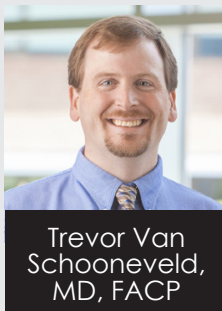

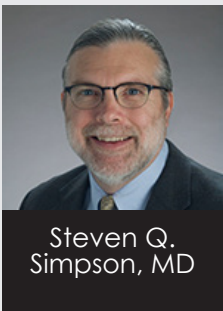

Program Cost: \$20.00 [Lunch and refreshments]
