COPIC IS THE ENDORSED MEDICAL LIABILITY INSURANCE PROVIDER FOR NEBRASKA MEDICAL ASSOCIATION MEMBERS

The Nebraska Medical Association (NMA) has selected COPIC as its endorsed medical liability insurance provider for its members. This may beg the question, “Why COPIC?”

Through nationally recognized patient safety and risk management programs, COPIC keeps you informed of risks and provides resources to prevent adverse outcomes. And if an insured encounters a claim or lawsuit, they are backed by an unparalleled defense team:

- 88% of claims are closed without any indemnity payments made;
- 92% “win” rate for COPIC insureds;
- 27% less time to resolve a claim when compared to the national average—this means less time and energy dealing with a claim.

COPIC’s innovative 3Rs Program (Recognize, Respond, and Resolve), recognized by *The New England Journal of Medicine*, helps preserve the physician/patient relationship and address a patient’s needs when an unanticipated outcome occurs. Less than 3% of cases that are handled through the program result in a claim being filed.

COPIC’s on-site reviews help identify unforeseen risks at medical practices and facilities, so you can integrate best practices to mitigate these.

COPIC serves as a hub for professional education that often qualifies for CME/CNE credit. From on-demand courses to annual conferences, COPIC provides valuable insight on topics such as liabilities associated with allied health professionals, managing opioids, and effective patient communication.

COPIC’s partnership with the Nebraska Medical Association includes the advantage of its members being eligible for a 10% premium discount*. It’s a financial benefit to recognize a shared commitment to improved health care.

*10% discount is effective 1/1/20—discount is currently 5%

COPIC’s mission is to improve medicine in the communities we serve. This takes many forms, from investing in professional education to supporting initiatives that aim to enhance patient safety. Evidence of COPIC’s commitment is demonstrated by its established partnerships with organizations such as the Colorado Medical Society, Nebraska Medical Association, and Iowa Medical Society.

Contact (or have your agent contact) Jim Bishop, Senior Market Manager, at (800) 421-1834 ext. 6184 or jbishop@copic.com to learn more about COPIC.
